

# THE GLOBE-REPUBLICAN.

The FORD CO. GLOBE, Established 1877.  
The FORD CO. REPUBLICAN, " 1895.

DODGE CITY, KANSAS, THURSDAY, MARCH 19, 1903.

TWENTY-SEVENTH YEAR, VOL. XXVI, NO. 24.

## CITIZENS CONVENTION

Renominates a Ticket From the Present Administration.

A citizens' mass meeting was held at the court house on Tuesday evening at which a city ticket was placed in nomination.

W. J. Fitzgerald presided as chairman of the meeting and W. F. Pettill as secretary.

The ticket nominated is to be called the "citizens' ticket" and is made up as follows: G. M. Hooyer, for mayor; Walter Pine, for city treasurer; Chas. States, for school treasurer; Wm. Jackson, for police judge; W. H. Lybrand and P. H. Hobble for justices of the peace; J. W. Hicks and John Martin for constables.

A citizens' central committee to conduct the campaign for the ticket nominated was named as follows: First ward, Peter Mootz and R. S. Robinson; Second ward, W. F. Pettill and D. P. Bagland; Third ward, G. L. Wing and L. J. Pettijohn; Fourth ward, George Stumph and Dr. O. H. Simpson.

The following resolutions were offered by Mr. Fitzgerald and passed unanimously by the convention.

We deplore the exorbitant meter rates fixed by the franchise granted the Water Company by the mayor and council in 1888 and expiring in 1908 and we are unalterably opposed to any extension or renewal of this franchise to said company or its assignee and we are also opposed to the purchase of this plant by the city believing it to be deficient both in construction and material used.

We favor co-operative or municipal construction and ownership of a city water plant furnishing water to individual citizens and to the city at actual cost and the nominee of the convention for the office of mayor is hereby instructed and pledged to procure plans and estimates of cost of a water plant and submit this information to the people to the end that such a plant shall be constructed ready for operation on expiration of franchise of the old company in 1908.

We favor a rigorous enforcement of the ordinance relating to the growth of obnoxious weeds in the streets and alleys and request lots of the city and as to the cleaning of streets and alleys.

We favor the construction of street crossings so far as the revenues of the city will permit without burdening the people with debt.

The reduction of the city debt in the past three years has greatly enhanced the value of all inside property and we believe the time is now ripe for the construction of a system of good sidewalks conveniently accessible to all parts of the city and we favor their construction and maintenance.

## IN SHORT GRASS LAND.

The threshers of Kiowa county have formed an organization for their mutual benefit.

A new livery barn has just been started in Kinsley and the town has the proprietor on the carpet for an investigation as to whether or not he has a government license.

Asbland has a man who is such a poor shot that he has no business with a gun. He accidentally discharged a shot gun in his house last week. When the smoke cleared away he found that he had not only missed his mother-in-law, who was in the room, but had torn one whole side of the room out.

The Comanche County State Bank at Coldwater, has been added to the list of banks operated by G. Q. Chandler and the gentlemen associated with him.

The billiard hall man at Meade has enlisted in the Salvation Army, and has given his new brethren the privilege of chopping up his billiard tables, or doing anything else they please with them.

It will be many years before stockmen in the short grass country will be caught without shelter and feed for a week's siege of snow. The cattle lost during the recent big snow storm will be remembered, and the experience will serve as a warning for several years at least.

A plain drunk paid a cash fine in Coldwater last week and the next day the money was expended for a coat of paint on the city hall. The fellow's intention when he started out was to "paint the town," and he succeeded to the above extent.

A LaCrosse man is influenced by the moon to such an extent that when the moon is full he just naturally can't keep out of police court.

The topics for study at the Union Bible class in the Christian church Sunday afternoon at 4 to 5 o'clock will be "Outline of the early life of Christ" and "Grace and Truth. Song service 4 to 4.15 p. m. Everybody welcome.

## COUNTY HIGH SCHOOL

Proposition Will Be Voted On at the Special Election.

The proposition to establish a Ford county high school will be voted upon at the coming special election to be held on May 26, the special election called for the purpose of electing a congressman to fill the vacancy caused by Mr. Long's promotion to the United States Senate.

The bill passed in the last legislature provides that a site shall be furnished by Dodge City for proposed high school.

Ford county is settling up very fast at present and the need for a school which shall be open to the entire county is apparent to everybody. Probably fifty percent of the pupils over the county will desire to take a course of study in advance of those taught in the district schools. Nearly all of them would prefer to attend a school at home, to one in same remote corner of the state. The improvement in the educational facilities is something that nearly every Kansas man and woman favors. With the increasing population in this county there will soon be a much greater demand for a school which will carry the students a step higher than the district school. If the county high school is established the graduates from it who so desire, will be prepared to go from the high school to the State University, while those who go no further will have the benefit of a good practical education.

If the proposition carries it would probably be two or three years before the county high school could be put in operation, and by that time there will be a still greater demand for it than at present.

## Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

The Republican ward caucuses to elect delegates to the county convention will be held this evening. The convention will be held on next Saturday afternoon.

A crowd of about twenty land seekers were in Dodge City this morning and a number of them were taken to the country by the local real estate men to look at different lands.

## Death of Chas. Berry.

Charles Berry who came to Dodge City about a year ago died on last Saturday, March 14 at his home here. The remains were taken to Ford on Monday. Funeral services were held at that place, conducted by Rev. Patterson. Mr. Berry was a brother of Mrs. Wilcoxen of Ford. He leaves a wife and four young children.

The death of the aged Mrs. Bruner may weaken the case against "Happy Jack," who is in the county jail awaiting trial. The money which it is alleged that he got away with belonged to Mrs. Bruner. She was over 80 years old, and the sum taken represented her savings for years past. If Mrs. Bruner's testimony was needed in the prosecution her death will naturally weaken the state's case.

## SHOW SATURDAY NIGHT.

Finnegan's Ball is the Attraction at Gluck's Opera House.

The next notable offering at Gluck's Opera House is the musical farce comedy "Finnegan's Ball," and Gallagher and Barrett, which is proving one of the most successful efforts in the mirth-provoking line of the season. It has every surrounding in the way of essential accessories and is aided by one of the best companies ever engaged for a farce comedy. The specialties are unique and interesting and the piece is handsomely costumed and extravagantly staged as the management is supporting with their extreme resources their best judgment of what they confidently expect to be the zenith of all musical comedies. The date announced for its production here is Saturday March 21. Prices, 50 and 35 cents.

## CHRISTY IS OUT.

Father of Cimarron Jointists Left Jail Here Last Night.

Sheriff Joe Miller received instructions from the government authorities yesterday to take Martin Christy to No. 5 last night and deliver him to a United States marshal.

Christy, on the way down, stopped at the Midland barber shop where he had his long locks carefully trimmed and the brush upon his chin worked down to a smooth pointed beard. The old man seemed pleased to get out of jail. He was taken to Garden City where he expects to be released by the United States commissioner.

## The Stomach is the Man.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol-Dyspepsia Cure cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Rath & Baldwin.

## City Ward Tickets.

The following ward tickets were nominated at the primaries last night:

First ward—Member council, Peter Mootz; member school board, R. S. Robinson. Second ward—Council, Louis Bader; school board, W. T. Coolidge. Third ward—Council, E. E. Smith and W. H. Jacoby; school board, L. J. Pettijohn. Fourth ward—Council, Sam Stubbs; school board, J. M. Grover.

## A Cashier Testifies.

Gentlemen:—After twenty years of aches and pains caused by constipation brought on by sedentary habits, I have found more relief in two bottles of Dr. Caldwell's Syrup Pepsin than all of the hundreds of other remedies I have tried, and I take pleasure in giving you this testimony believing you have the finest preparation made for stomach troubles.

Very truly yours, D. F. LANGE.  
Cashier Wabash R. R., East St. Louis.  
Sold by Pine & Bond, Palace Drug Store.

## Weather of Last Week.

The following weather review for the week ending March 18, 1903, is furnished by E. D. Enigh, of the weather bureau at Dodge City:

An area of low pressure, over the middle and southern Plateau Region since the 12th of the month, has predominated the local weather conditions of the past week, giving decidedly higher temperatures, except on Saturday, when cool weather prevailed under the influence of a high pressure area of marked intensity which spread southward over this section. Since Friday, cloudy and unsettled weather with much fog has covered a large portion of the country as far eastward as the Lake Region and Mississippi River, with dense fog at Dodge City on Saturday and Sunday mornings.

The highest temperature of the week was 73 degrees on the 16th and the lowest, 27 degrees on the 14th. A trace of rain fell Saturday, 0.08 of an inch Tuesday evening, and 0.35 of an inch of precipitation in the severe rain and hail storm at noon Wednesday. The prevailing winds have been fresh to high southerly, with a maximum velocity of 30 miles per hour from the south Tuesday at 9 p. m.

For the next month the real estate men will be full of business.

# A LUCKY STRIKE.

## A Gold Mine

Of \$15,000 to share With Our Patrons in the Next 30 Days, Commencing, SATURDAY, MARCH 21, 1903.

We are lucky enough to get about \$15,000 worth of Ladies, Misses and Children's High Grade Garments at a manufacturer's sale of one of the largest establishments in Cleveland, Ohio, for about 40 cents on the dollar. Nearly \$8,000 of this stock they bought for their spring trade, and consists of all the new novelties. We shall give our patrons for the next 30 days the benefit of the manufacturer's loss of 50 cents on the dollar. This will be one of the greatest saving sales ever made in the West, and the largest stock to select from. The largest shipment of it's kind ever brought into this state—One Solid Carload.
